

Buried Treasure Liquid Nutrients

Life Line Foods was founded by the Burks family in 1969. As we are celebrating our 40th year in the Nutraceutical Health Food Business we remain at the very forefront of the Liquid Nutrient Industry.

Since 1969 Life Line Foods has provided the highest quality Health Products to the Natural Products Industry. Through the years Buried Treasure has developed the most effective line of Liquid Nutritional Supplements available. Buried Treasure Liquid Nutrients are formulated primarily for supporting our customers with products that produce results!!

Life Line Foods was the first manufacturer to produce and sell liquid dietary supplements through national distribution as Buried Treasure Liquid Nutrients. Now with 36 innovative Liquid Nutraceutical Formulas, and new formulas being added yearly, we are distributed nationwide as well as Canada, Mexico, Puerto Rico the Philippines and Barbados.

Our Goal is to inspire, motivate and enable as many people as possible to achieve and maintain Good Health. We realize that the need for liquid nutrients is greater today than ever before. We strive to excel in customer care and give back to the community without harming the environment. The same passion that drove Life Line Foods in 1969 is still at its forefront as it grows in the 21st Century. We believe in caring for each Other and Our Planet and we are here to serve your needs.
