Himalaya Herbal Healthcare, with global headquarters in Bangalore, India, is a worldwide pioneer in the field of scientifically-validated herbal healthcare. Now in 76 countries, Himalaya's North American office is located in Houston, Texas. Starting in 1930, Himalaya succeeded in combining the rich value of an old system of natural health with all the processes of modern pharmaceutical technology. Since then, the result of this gigantic effort has been widely sold throughout the world and Himalaya has established a position of uncontested leadership in pharmaceutical-grade Natural Health Products.

Himalaya Herbal Healthcare's result of over 70 years of formulation research and clinical trials is glad to offer a complete range of modern, totally safe and Natural Health Products for the self-care needs of today's consumer. Himalaya Herbal Healthcare is marketing this truly unique and complete line of Herbal Healthcare products developed, manufactured and evaluated according to the most scientific and rigid standards of modern pharmaceutical products.

* Still family owned, Himalaya has been a global leader in the herbal healthcare industry since 1930.

* Now sold in 76 countries and the first GMP approved herbal manufacturing facility in India, our reputation for safe, natural and efficacious remedies has been established through extensive research on proprietary products, continuous scientific validation and stringent quality controls.

* Himalaya produces over 20 billion tablets annually. Every quarter of a second, someone, somewhere in the world, is taking a Himalaya product.

* With 3 global patents already granted, and 25 global patents pending, Himalaya's R&D facility is one of the best in the world for the research and development of herbal healthcare. Encompassing over 80,000 square feet of space, it boasts a staff of over 100 physicians and scientists, contains a 28-bed inpatient facility. Our research has been published in numerous medical journals including The European Journal of Pharmacology, Phytotherapy Research, The Indian Journal of Clinical Practice, and JAMA, India.

All research conforms to World Health Organization standards and product development typically takes ten years. Our labs are all GLP labs, following Good Laboratory Practices. We are also recognized by India's Institute of Health Sciences as an approved PhD Center.
